Hey Debby!

Sorry I sent the last e-mail prematurely! I have an updated answer for the scenarios. We had added the car/mile fee by mistake. We would be using a bus or van for these rides and no additional mileage fee would be needed. We came up with these numbers by using our mile rate and pick up/ stop fees with the mileage that was provided, which we noticed included dead head from the yard in that specified route. Our Director is wondering where a central location for these stops would be where a driver from our company would start in the morning, this is a question we can visit if we are awarded.

Please let me know if you have any questions or need clarification.

Scenario 1: $49.25

Scenario 2: $135.36

Scenario 3: $105.17

Thank you so much!!
