B. Additional Member Agency Terms and Conditions for:

Current language

2. Construction Products and Services:

All Contractors understand and agree that the use of AEPA contracts is not intended for use by Michigan intermediate school districts or public K-12 school districts for construction, renovation, or remodeling projects under MCL 380.1267 and agree to comply with all applicable standards and statutes for said construction projects.

Revised language

2. Construction Products and Services:

All Contractors understand and agree that the use of AEPA contracts is not intended for use by Michigan intermediate school districts or public K-12 school districts for construction, renovation, or remodeling projects under MCL 380.1267 and agree to comply with all applicable standards and statutes for said construction projects. Based on MCL 380.1267, labor must be bid. However, intermediate school districts or public K-12 school districts can choose to buy material only from a cooperative purchasing contract. The AEPA cooperative contract has been bid in accordance with Michigan statute. It was advertised as required in the state and a material price book meeting the requirement of providing a discount for the opportunity of responding to a multi-state bid for goods and services with a national scope was submitted at the time of bidding by the vendor and awarded to the lowest responding vendor. To be able to purchase material only for a project, the board of a school district or board of directors of a public-school academy needs to adopt a written policy governing the procurement of supplies, materials, and equipment. Material only fits into the classification of MCL 380.1267 of a cooperative bulk purchasing program.

MCL 380.11a(4) allows for intermediate school districts or public K-12 school districts to enter into agreements or cooperative arrangements with other entities, public or private, or join organizations as part of performing the functions of the school district which allows the Intermediate school districts or public K-12 school districts to utilize the Oakland Schools awarded contract. In addition, under MCL 380.1274 (4), a school district or public-school academy is not required to obtain competitive bids for items purchased through the cooperative bulk purchasing program.

A material only purchase is a direct purchase to the manufacturer for materials. This will require the intermediate school districts or public K-12 school districts to issue two purchases orders—one for the labor which will be awarded through a traditional competitive bid process and one for the material.

All other governmental agencies can utilize the Oakland Schools awarded contract for material and labor solutions pursuant to 18.1261.
