MULTIMATIC 215 MULTIPROCESS WELDER

567133

Lightweight MIG, stick, and TIG welder can weld material from 24 gauge to 3/8" thick. Auto-Set™ Elite can be used on multiple materials and processes to fine tune settings.

MILLERMATIC 252 MIG WELDER

567010

Welds material from 22 gauge to 1/2" thick in a single pass. Highest output in its class (250 A at 28 VDC) for welding longer on high-end applications.

MILLER XMT MULTIPROCESS WELDER

567141

Flexibility and simplicity make this the most popular model in the XMT family. Excellent arc performance and portability. Includes MIG runner package.

Miller Spectrum 625X Plasma Cutter

566445

Big cutting power in a small package. 40 amps for 5/8" mild steel cutting. X-CASE provides ultimate protection and additional space for MVP adapters, consumable box, and more.
