

TinyEYE Therapy Services

Speech-Language Pathology · Occupational Therapy
School Counselling · School Social Work · School Psychology

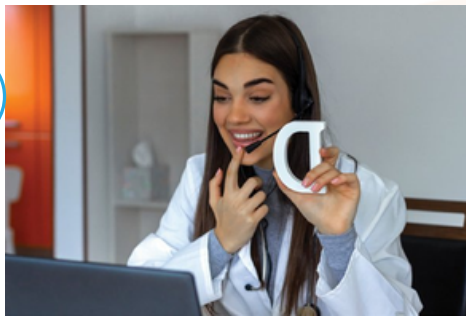

TinyEYE Therapy Services is proud to provide schools in Michigan with a streamlined, high-quality **virtual solution** for Speech-Language Pathology (SLP), Occupational Therapy (OT), School Counselling, Social Work, and Psychology services.

With over 20 years of experience, we specialize in delivering online therapy and mental health support tailored to the needs of school communities. Our secure platform, experienced clinicians, and student-centered approach make us a trusted partner in enhancing special education services through innovative, technology-driven solutions.

By centralizing all services in one easy-to-use platform, TinyEYE makes it simple to track progress, manage communication, and ensure continuity of care. This collaborative approach keeps therapists, educators, and families aligned and focused on shared goals.

Transparent Partnership

TinyEYE is dedicated to helping Michigan schools maximize student outcomes through transparent, cost-effective, and collaborative **virtual services**.

- **Proactive Service Monitoring** – We track service levels and address challenges early to ensure consistent delivery.
- **Real-Time Data Access** – Administrators have secure 24/7 access to dashboards with assessments, session reports, attendance, and compliance details.
- **Ongoing Collaboration** – We regularly seek feedback to ensure services meet both compliance and meaningful student outcomes.
- **Streamlined Procurement** – TinyEYE is an awarded vendor through AEPA Cooperative Contract. This means your district can access special pricing while ensuring procurement is simple, efficient, and fully compliant.

Services Included at No Extra Charge

- Dedicated TinyEYE support team (recruitment specialist, service coordinator, account manager, clinical mentor)
- Priority technical support
- Custom virtual activities designed around student needs
- Specialized reporting upon request
- Quality assurance and logistical management
- Online referral and placement coordination

Technology and Platform Features

TinyEYE's proprietary platform is designed to make **virtual therapy effective, engaging, and collaborative** across SLP, OT, counselling, social work, and psychology.

Key features include:

- Built-in online assessment tools and therapy plan creator
- Real-time dashboards for administrators

Continued...

- Referral management and session tracking
- 100s of therapist-designed interactive activities and games
- Secure, encrypted sessions accessible from desktops, laptops, and Chromebooks
- Parent & caregiver collaboration through secure logins

Collaborative Virtual Onboarding

We work closely with schools to ensure a smooth transition and seamless implementation of virtual services.

1. Onboarding & Needs Assessment

- Review of virtual therapy and mental health needs
- Identification of student and school-level goals
- Staff training on TinyEYE's platform

1. Clinician Assignment & Scheduling

- Matching students with licensed Michigan professionals across all service areas
- Scheduling aligned with school calendars and availability

1. Ongoing Monitoring & Quality Assurance

- Regular virtual performance evaluations
- Data-driven decision-making using centralized dashboards
- Continuous online collaboration with administrators, educators, and families

Next Steps

TinyEYE is committed to ensuring Michigan schools have access to highly qualified **virtual professionals**, including: Speech-Language Pathologists (SLPs), Occupational Therapists (OTs), School Counsellors, Social Workers & Psychologists.
