Hands-Free EZ Water Cooler Conversion Kit

Touchless Hydration Made Easy

The Elkay Hands-free EZ Water Cooler Conversion Kit transforms any Elkay EZ cooler into a touchless drinking experience. Swap out the existing basin shroud with this sensor-activated shroud assembly to continue delivering healthier drinking water, more hygienically.

- Hands-free operation provides an easier and more hygienic way to drink water.
- Sensor activation provides a touchless, sanitary experience.
- Heavy-duty polymer construction.
- Built in the USA.
- Sanitary solution contributes to a cleaner, safer world.
