Protect Employees and Visitors from COVID-19

and protect your organization with a Temperature and Face Mask Scanner

#1 COVID-19 Response Solution Thermal Scanner - **Safe, Secure and Accurate**

Supports COVID-19 response protocols / CARES Act Eligible

Overview

Our Temperature and Face Mask scanner is a COVID-19 response solution that combines enterprise-grade AI powered, non-contact body temperature thermal scanners with a highly secure cloud-based data management platform. Combined, this technology helps organizations reopen and stay open with confidence and peace of mind.

Supports COVID-19 response protocols and aligns with Centers for Disease Control and Prevention (CDC) guidelines. Provides a highly secured encrypted data management platform with safe and secure record keeping which helps with worker compensation claims, mitigates organizational risk, and demonstrates to everyone coming through the door that their personal health is a priority.

Easy Installation
• Simple Plug and Play Design

COVID-19 Response Protocol
• Built-in CDC health questionnaire
• Face mask detection
• Temperature screening
• Contact tracing capability

AI Powered Data Management Platform
• Centralized monitoring of all thermal scanners
• Safe and secure record keeping with optional biometric data
• Real-Time visibility into high temperature readings
• Time Clock Integration

Access Control
• Modular manufacturing design allows flexible customization
• Supports HID card access, badge printing and many more

Use Cases

Court House / Judicial Center

Construction

Hospitals / Health Care

Grocery / Retail

School Districts/ Colleges/Universities

Day Cares / Preschools

AI Platform
(Alert/Notification via Email/SMS)

AI Platform
(Review Alert Details)

AI Platform
(Contact Tracing)

AI Platform
(Dashboard Reporting)

Features:

- Customizable Health Questionnaire (Text-based or Touch Screen)

- Face Mask Detection

- Temperature screening (±0.5°F/±0.3°C) Access Control: HID card access, badge printing and many more

- Centralized Monitoring of all Thermal Scanners

- Safe and Secure Record Keeping with configurable Biometric Data

- Real Time Alerts via Email/SMS

- Contact Tracing based on Biometric Data

- Simple and Easy Reporting to support new COVID-19 legislations

- NDAA compliant, FDA Safe Harbor Certification, SOC 2 Type 1, and HIPPA certified
