Power-Splitter

This 3/4" 2-way hose tap is built to last with heavy duty brass construction for ultimate durability. It features large ergonomic handles for easy and adjustable flow control. The larger ports allow for full flow rates over 30 GPM. Provides extra maneuverability and easy access of hard-to-reach faucets.

#60040

Brass Highflow Control Valve

This 3/4" heavy-duty brass valve features a shut-off lever that is easily operated with just your thumb. It is rust and corrosion resistant for a secure and leak-proof connection. The water shut off tool valve is designed to withstand high pressure and temperature extremes. Provides 23 GPM of flow with a maximum pressure limit of 125 PSI.

#60052

Magnum Stinger Variable Spray Nozzle

This nozzle produces low-volume patterns in high-pressure situations. From as low as 30 PSI, or over 100 PSI, this nozzle delivers an 11 GPM flow rate. Features three spray settings: jet, soak, and fan. The nozzle is constructed from solid brass and aluminum for high performance and durability, with a TPR rubber outer guard for comfortable, ergonomic handling. Perfect for garden and landscape use.

#60065

Twist-Ease Hose Kink Removal

This 3/4" hose adapter features a swivel mechanism that eliminates kinks, twisting, crimping, and tangles. Simply fit between the hose and nozzle, or hose end valve. Made from high quality brass for maximum durability.
