

BEST PLUMBING SPECIALTIES

# NEW ARRIVALS

### CamJam SlideLock

Secure anything quickly and confidently with the CamJam SlideLock carabiner. Made of a durable cast aluminum, it allows for knot-free tightening, tensioning, and fastening of light to heavy loads. Featuring a SlideLock mechanism with quick release lever allows for simple tightening & releasing. Using the included 10' rope, it supports a 250lbs working load limit and can handle up to 500lbs when paired with a stronger rope.

### Klein 18" Drain Snake Auger (PK/3)

This Drain Snake Auger allows for quick and easy unclogging in bathroom & kitchen sinks, shower drains, drinking fountain drains and more. The replaceable 18" drain snake is made of polypropylene, designed with small hooks and barbs to dislodge clogs with ease. After the job is done, utilize the quick-release collar for mess free disposal.

- Includes (3) 18" Snakes
- 360° Pivot Handle

### Mosquito Dunks (PK/2)

Mosquito Dunks provide biological mosquito control using Bti, a natural larvicide that kills mosquito larvae while remaining harmless to birds, fish, wildlife, and pets. Simply place a Dunk in standing water to kill larvae for up to 30 days. Each Dunk treats up to 100 square feet of surface area, regardless of depth. Ideal for use in rain gutters, outdoor drains, downspout extenders, catch basins, and other standing water sources.
