

Vendor Contacts and Ordering Instructions

To guarantee AEPA/Oakland Schools contract bid protection, all orders placed directly with Audio Enhancement must be emailed to orders@audioenhancement.com. The body of the purchase order must state "As per AEPA/Oakland Schools Contract #24."

To place an order with an authorized reseller, please see instructions below.

Product Line: Audio Enhancement

Introduction

Audio Enhancement not only specializes in Classroom Amplification, we invented the concept. We were the first to introduce Infrared transmission and hold the only patent on the use in the classroom. We have since developed an XD (Dect) System to help with large, and outdoor learning spaces, as well as a SAFE System, and EPIC Intercom Paging and Bells System, that all utilize the classroom sound amplification system We are experts in the design, installation, and servicing of classroom audio enhancement systems that help teachers make an impact in the lives of students.
